In short

Classical high school diploma. Degree in Theoretical Philosophy at the Catholic University of the Sacred Heart of Milan. PhD in Philosophy and three-year Post-Doc Lectorship in Philosophy at the Pontifical Lateran University of Rome (Vatican State). Visiting Professor at the Pontifical University of Saint Thomas Aquinas (Angelicum) of Rome (2012). Adjunct Professor at the Catholic University of the Sacred Heart of Milan since 1999. Contract Professor at the Jobs Academy of San Paolo d'Argon (Bergamo) since 2024. Middle Manager at Lamina S.p.A.

- ▶ *I pursue the search for and the continuous deepening of truths concerning the meaning of human life by means of the most rigorous rational knowledge in the philosophical field*

Professional experience

Contract Professor

[Jobs Academy](#)

San Paolo d'Argon (Bergamo)

2024 –

Starting from the academic year 2024–2025 I teach a course on «The Religious Sense», which deals with the philosophical–rational premises of the Catholic faith («preambula fidei»).

Middle Manager (lev. A1)

at Laminatoi Milanese Nastri ([Lamina S.p.A.](#))

Milan

1998 –

Assisted by another internal figure I am the IT manager of the company, which, being a metalworking company specialized in a high-quality production, is equipped with rather complex and highly customized hardware and software infrastructures. Using various programming languages (HTML, CSS, JavaScript, Python, XML, XQuery, VBA), I take care of the creation and maintenance of both the company website and another purely internal one, and various other programs used to complement the management and production software provided by our reference software house. I am also the Internal Security Consultant, having participated and continuing to participate in the constant implementation of the OSH System in support of security external managers. Among other things, I keep under control the updates of staff security training and take care of the drafting (using LaTeX textual composition language) of the various documents pertaining to the OSH System. Unlike all the other employees, I work ninety-five percent with Linux operating systems and with opensource software.

Visiting professor

Faculty of Philosophy (English language section)
of the Pontifical University of Saint Thomas Aquinas
Rome

02/2012 – 09/2012

Teaching of *Metaphysical Theology* held in English for the second semester of the academic year 2011–2012 to students of the second year of the baccalaureate cycle. I was selected from a group of candidates to replace the outgoing Rector of the PUST (H.E. Msgr. Charles Morerod, O.P.), who, consecrated Bishop and assigned to the dioceses of Lausanne, Geneva and Fribourg, had to leave one of the fundamental teachings suddenly in the middle of the academic year. I paid special attention to the teaching methodology, set according to the Anglo-Saxon model, which requires the teacher, in addition to the technical quality of teaching, a prompt and substantial interaction with each student.

Contract Lecturer

Faculty of Philosophy
of the Pontifical Lateran University (PUL)
Rome

01/2009 – 12/2011

Three-year Post-Doc research as an adjunct professor with the drafting of a final essay.

Technical Assistant

Bayerischer Rundfunk (Bavarian Television)
München
Germany

11/1999 – 04/2000

During one of my study periods in Germany, I benefited from the opportunity to work in the in-house Technical Department of Bavarian television on a part-time basis. This allowed me to support myself and pay for the tuition at the University of Munich, where I attended German language courses for foreigners.

Cursus studiorum

PhD in Philosophy

"Summa cum laude" (90/90)

Faculty of Philosophy
of the Pontifical Lateran University (PUL)
Rome

2003 – 07/02/2006
